25 February 2015

Dear Supplier,

It is with regret we wish to advise of the resignation of Ian Kingham, Merchandise Manager ALH. Ian has lead the ALH buying team for a number of years as well as previously holding other key roles in the WLG business. During his time within the business he has contributed to the development of many categories as well as the On Premise market through the ALH venues around Australia.

Ian is leaving WLG to further his interests in writing beer literature as well as speaking, training and consulting areas. With his passion and knowledge of the alcohol category and in particular the beer category, Ian will no doubt make a great success of this new venture.

We are currently in the process of recruiting for a new ALH Merchandise Manager and will advise of this appointment in due course.

Please join with us in thanking Ian for the contribution he has made to both ALH and WLG.

Regards,

Rose Scott  
**General Manager Merchandising WLG**
