Team **ANNOUNCEMENT**

Head of Wine, BWS

All

Since the appointment of Tim Rice to the role of Head of Format & Renewals we have undertaken an extensive internal and external search for the role of Head of Wine for BWS.

I am now delighted to announce that Chris Mattes has been permanently appointed to this role effective immediately.

Chris has mostly recently led the Wine team in an acting capacity. In this time he has demonstrated strong leadership by continuing to implement and evolve our successful BWS Wine plan, driven the ongoing development of the Wine team and focused on improving working partnerships across BWS and with our supply partners. It was these achievements plus his vision for the Wine category that has given the BWS leadership team the confidence that Chris is the right person to lead the BWS Wine team.

Please join me in congratulating Chris on his appointment.

Adam
