

18 May 2016

Dear Supplier Partners,

We would like to let you know of some changes within our Supply team as a result of a promotion for **Ben Paton** to support our Woolworths Supermarket team. **Nick Smith** will replace Ben as **Head of Supply for the Endeavour Drinks Group** effective 13 June 2016. Nick has most recently worked with our supermarket team across fresh and perishables and therefore brings relevant experience to support our Supplier partners in ensuring availability of your products to our customers.

We would like to thank Ben for his excellent leadership in terms of supporting our Supplier partners and internal business teams to ensure great service levels to our customers over the years. We wish Ben every success in his new role with our supermarket colleagues.

Ben will be introducing Nick to you over the coming weeks and we look forward to continuing our focus on identifying ways to improve our supply and planning process.

If you should have any questions please feel free to speak with Ben Paton directly or with myself.

Regards,

Rose Scott | General Manager Merchandising and Marketing
Endeavour Drinks Group
